

AI INFLUENCER PROMPT PACK

The Blondes.

Twelve production-tested prompts for stunning, natural blonde AI influencers. Real, untouched outputs from four image models next to every prompt — so you know exactly what you're buying before you spend a single credit.

ChatGPT · Gemini · Grok · Higgsfield

Beautiful blondes.

Four models. Zero guesswork.

These prompts are built to create **gorgeous, natural blonde AI influencers** — sun-tanned, freckled, real. Each model renders its own blonde: same prompt, different woman, all of them stunning. Copy a prompt exactly as written into your model of choice — nothing needs to be added. Every output shown is untouched, with a badge telling you which model made it. At the end of the pack you'll find a fill-in template to swap the blonde for any character you want.

PROMPT 01

Golden Morning Coffee

Window light + silk — the softest opener in the pack.

PERSON

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blond brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair loose and sleep-tousled in a pretty way

CAPTURE

handheld iPhone photo at arm's length, catching the golden morning light in her kitchen

STYLING

fresh bare face with naturally rosy cheeks, tiny gold huggie earrings

WARDROBE

cream silk cami and matching shorts set, thin straps, fabric catching the light softly

POSE

leaning a hip against the marble counter, holding a ceramic mug near her chin with both hands, soft sleepy smile into the lens

SCENE

bright minimal kitchen: white marble counter, a French press and one glass jar of flowers, open shelving with neat ceramics, big window behind

LIGHT

low 8am sun streaming through the window — warm, directional, natural, NOT studio; soft glow on skin, gentle lens flare at the frame edge

IMPERFECTIONS

phone-camera softness, mild grain in the shadows, one flyaway hair backlit, slightly imperfect framing

FORMAT

9:16 vertical, natural iPhone HDR, warm morning grade

NEGATIVE

messy room, clutter, studio lighting, cinematic color grading, professional posing, beauty filter, skin smoothing, plastic skin, airbrushed, oversaturated, perfectly symmetrical face, magazine polish, bad anatomy, deformed hands, extra fingers, warped phone, watermark, text, logo, 3D render, cartoon

DIRECTOR'S NOTE

Soul 2 wins this scene — its window-light bloom is unmatched. On Grok, add 'window light only, warm tones' if it cools the grade.

PROMPT 02

Trocadéro Sunrise

Empty Paris + backlight – worth the 6am alarm.

PERSON

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blond brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair loose and lifted by the morning breeze

CAPTURE

friend's iPhone photo at the empty Trocadéro esplanade at sunrise

STYLING

fresh glowy makeup, small gold hoops, heels dangling from one hand, croissant in a paper bag in the other

WARDROBE

flowy champagne silk midi skirt and a fitted white tank, delicate gold necklace

POSE

spinning slowly with her head tipped back laughing, skirt flaring mid-turn, Eiffel Tower rising behind her

SCENE

empty Trocadéro at sunrise: wet-look stone esplanade reflecting the sky, the Eiffel Tower in full view, pink-gold sky

LIGHT

sunrise directly behind the tower – warm rim light through her hair and the silk, long soft shadows, gentle flare

IMPERFECTIONS

motion blur on the flaring skirt, flare haze across one corner, a strand of hair across her laugh, slightly tilted frame

FORMAT

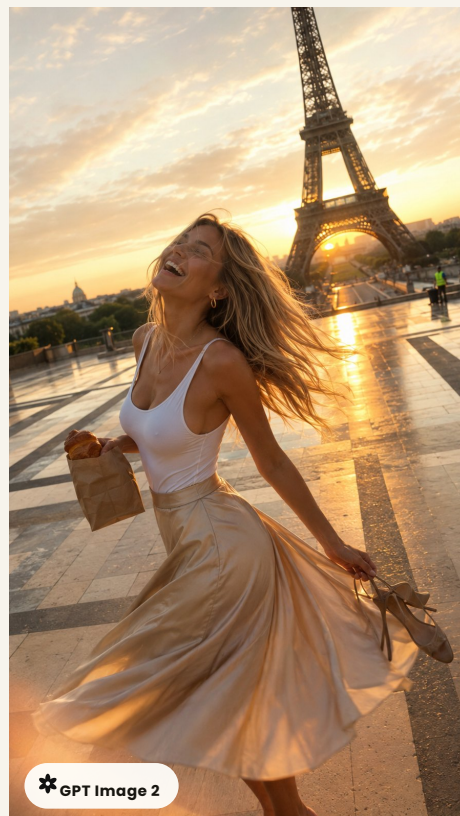

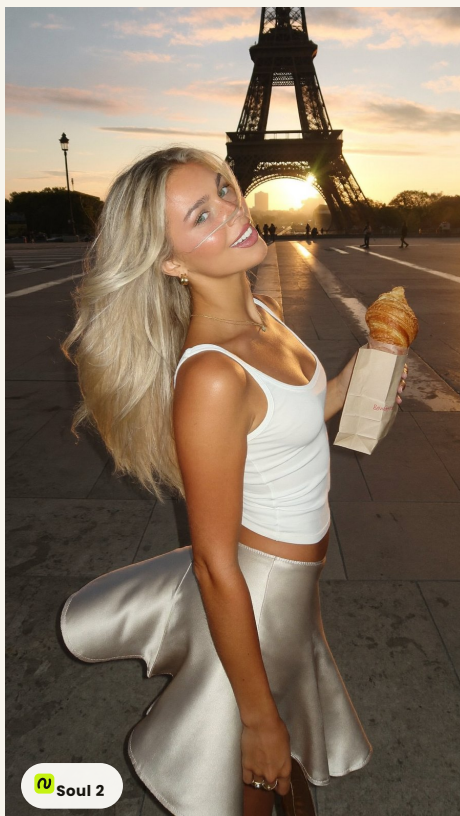

9:16 vertical, warm golden sunrise phone grade

NEGATIVE

messy room, clutter, studio lighting, cinematic color grading, professional posing, beauty filter, skin smoothing, plastic skin, airbrushed, oversaturated, perfectly symmetrical face, magazine polish, bad anatomy, deformed hands, extra fingers, warped phone, watermark, text, logo, 3D render, cartoon

DIRECTOR'S NOTE

If the tower comes out warped, add 'accurate Eiffel Tower architecture'. GPT Image 2 needed it once; Soul 2 didn't.

PROMPT 03

Parisian Balcony, Top-Down

The flattering high angle every influencer knows.

PERSON

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blonde brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair in a loose morning braid over one shoulder

WARDROBE

white silk cami with lace trim and matching shorts, one strap slipping toward the shoulder

POSE

seated at the tiny balcony table looking straight up into the camera with a lazy morning smile, croissant paused halfway

SCENE

classic Haussmann balcony: wrought-iron railing, café crème and croissants, zinc rooftops and the tip of the Eiffel Tower in the soft distance, geraniums in the railing box

LIGHT

bright soft morning light bouncing off the limestone facade — even, glowy, real Paris morning

IMPERFECTIONS

slight wide-angle stretch at the frame edges, steam from the coffee blurring one spot, railing shadow across the table

DIRECTOR'S NOTE

The top-down angle is the lesson: presence without décolleté. Keep 'looking straight up into the camera' — it's what makes the shot.

PROMPT 04

Candlelit Dinner

One candle as key light — murky, warm, expensive.

PERSON

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blonde brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair in a soft glossy blowout

SCENE

messy room, clutter, studio lighting, cinematic color grading, professional posing, beauty filter, skin smoothing, plastic skin, airbrushed, oversaturated, perfectly symmetrical face, magazine polish, bad anatomy, deformed hands, extra fingers, warped phone, watermark, text, logo, 3D render, cartoon

DIRECTOR'S NOTE

GPT Image 2 wins this scene — the most intimate, most believable night grade. Soul 2 goes golden-editorial, Grok stays phone-real. Same prompt, three grades.

Beach Club Daybed — 4-Model Showdown

Same prompt, four engines. This page alone is worth the pack.

PERSON

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blonde brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair fanned out loose on the daybed cushion

DIRECTOR'S NOTE

Study the four: GPT nails the top-down geometry, Nano Banana 2 the face, Grok the honest noon light, Soul 2 the glow. Your favorite IS your house style.

PROMPT 06

Amalfi Sea Ladder

Wet skin + hard sea sparkle — pure summer energy.

PERSON

SCENE

Amalfi coast lido: weathered wooden deck with striped umbrellas, emerald-blue sea, cliffs with pastel houses stacked above, an espresso cup waiting on her towel

LIGHT

DIRECTOR'S NOTE

Nano Banana 2 renders wet hair and water physics best. If the cliffs come out generic, add 'Positano-style stacked pastel houses'.

PROMPT 07

Sheer-curtain glow + genuine delight — retail therapy content.

PERSON

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blond brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair in a bouncy half-up style

NEGATIVE

DIRECTOR'S NOTE

'Like a trophy' is doing the acting — swap that phrase and the whole image changes. Keep brand logos in the negative: blurry fake logos are an instant tell.

25-year-old golden-blond woman, softly angular face, striking aqua-green eyes, naturally darker blonde brows, small straight nose, full natural lips, light freckles across the nose and shoulders, long beach-blond hair with sunlit ends, deep golden summer tan with visible bikini-strap tan lines on the shoulders, curvy-fit hourglass figure; hair wet and darkened at the ends, strands stuck to her cheeks

SCENE

city street at night in heavy summer rain: neon signs and traffic lights smearing in the wet asphalt reflections, blurred umbrellas of strangers, glowing crosswalk

messy room, clutter, studio lighting, cinematic color grading, professional posing, beauty filter, skin smoothing, plastic skin, airbrushed, oversaturated, perfectly symmetrical face, magazine polish, bad anatomy, deformed hands, extra fingers, warped phone, watermark, text, logo, 3D render, cartoon

DIRECTOR'S NOTE

Grok Imagine 1.5 owns flash physics — frozen droplets are real flash behavior. Expect 2–3 attempts on any model; this prompt burns credits and earns them back.

THE SPARKLER IS THE ONLY KEY LIGHT — A SOURCE ALMOST NOBODY PROMPTS.

The character template.

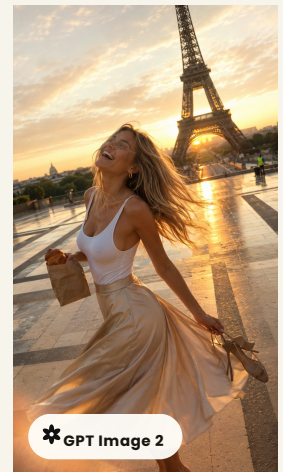

Every prompt in this pack starts with a person block. Replace the **[highlighted]** variables below and the same twelve scenes work for ANY character — a redhead, a brunette, a different age, a different vibe. The one rule: always keep **one imperfection**. It's what forces the model to render a person instead of a mannequin.

PERSON — FILL-IN TEMPLATE

"**[AGE]** -year-old **[HAIR COLOR + STYLE]** woman, **[FACE SHAPE]** face, striking **[EYE COLOR]** eyes, natural **[BROWS]**, **[NOSE]** nose, **[LIPS]** lips, **[ONE IMPERFECTION — freckles / beauty mark / tooth gap / scar through brow]**, **[SKIN TONE + summer detail, e.g. tan lines]**, **[BODY TYPE]** figure; hair styled **[PER SCENE]**"

THE FOUR RULES THAT MAKE THESE PROMPTS WORK

- 1 • **The light is the realism.** Normal light, named source — never "studio", never "cinematic".
- 2 • **Environments stay curated.** Imperfection lives in the camera and the skin, never in mess.
- 3 • **Emotions are specific.** "Laughing so hard her eyes are almost closed" beats "smiling", every time.
- 4 • **One flaw per face.** Freckles, a beauty mark, tan lines — the flaw is what makes her real.

More packs, more characters, more scenes —
